

Living in a castle ~ II

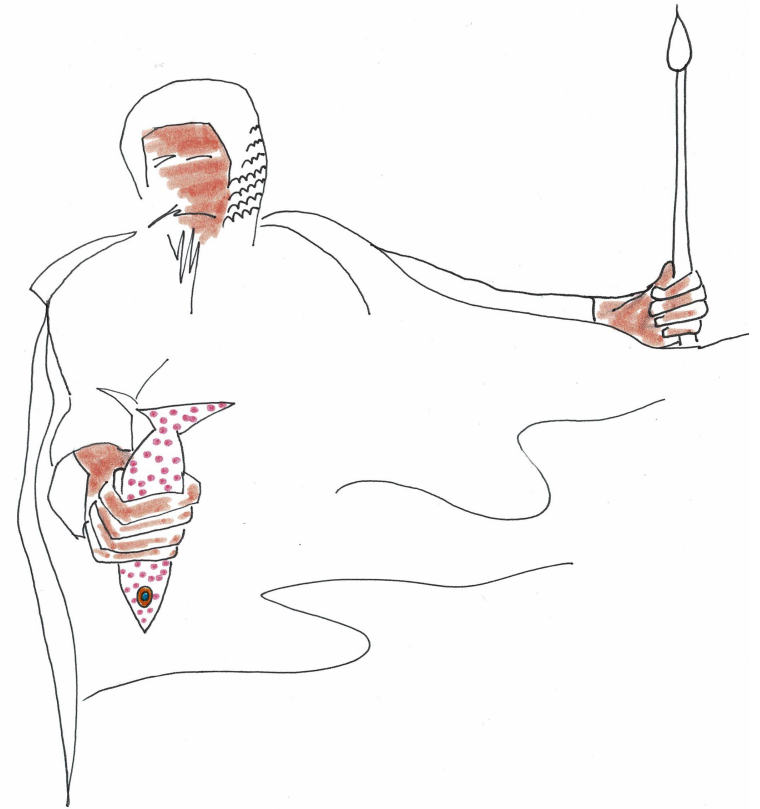

Written and illustrated by Sarah L Dolan

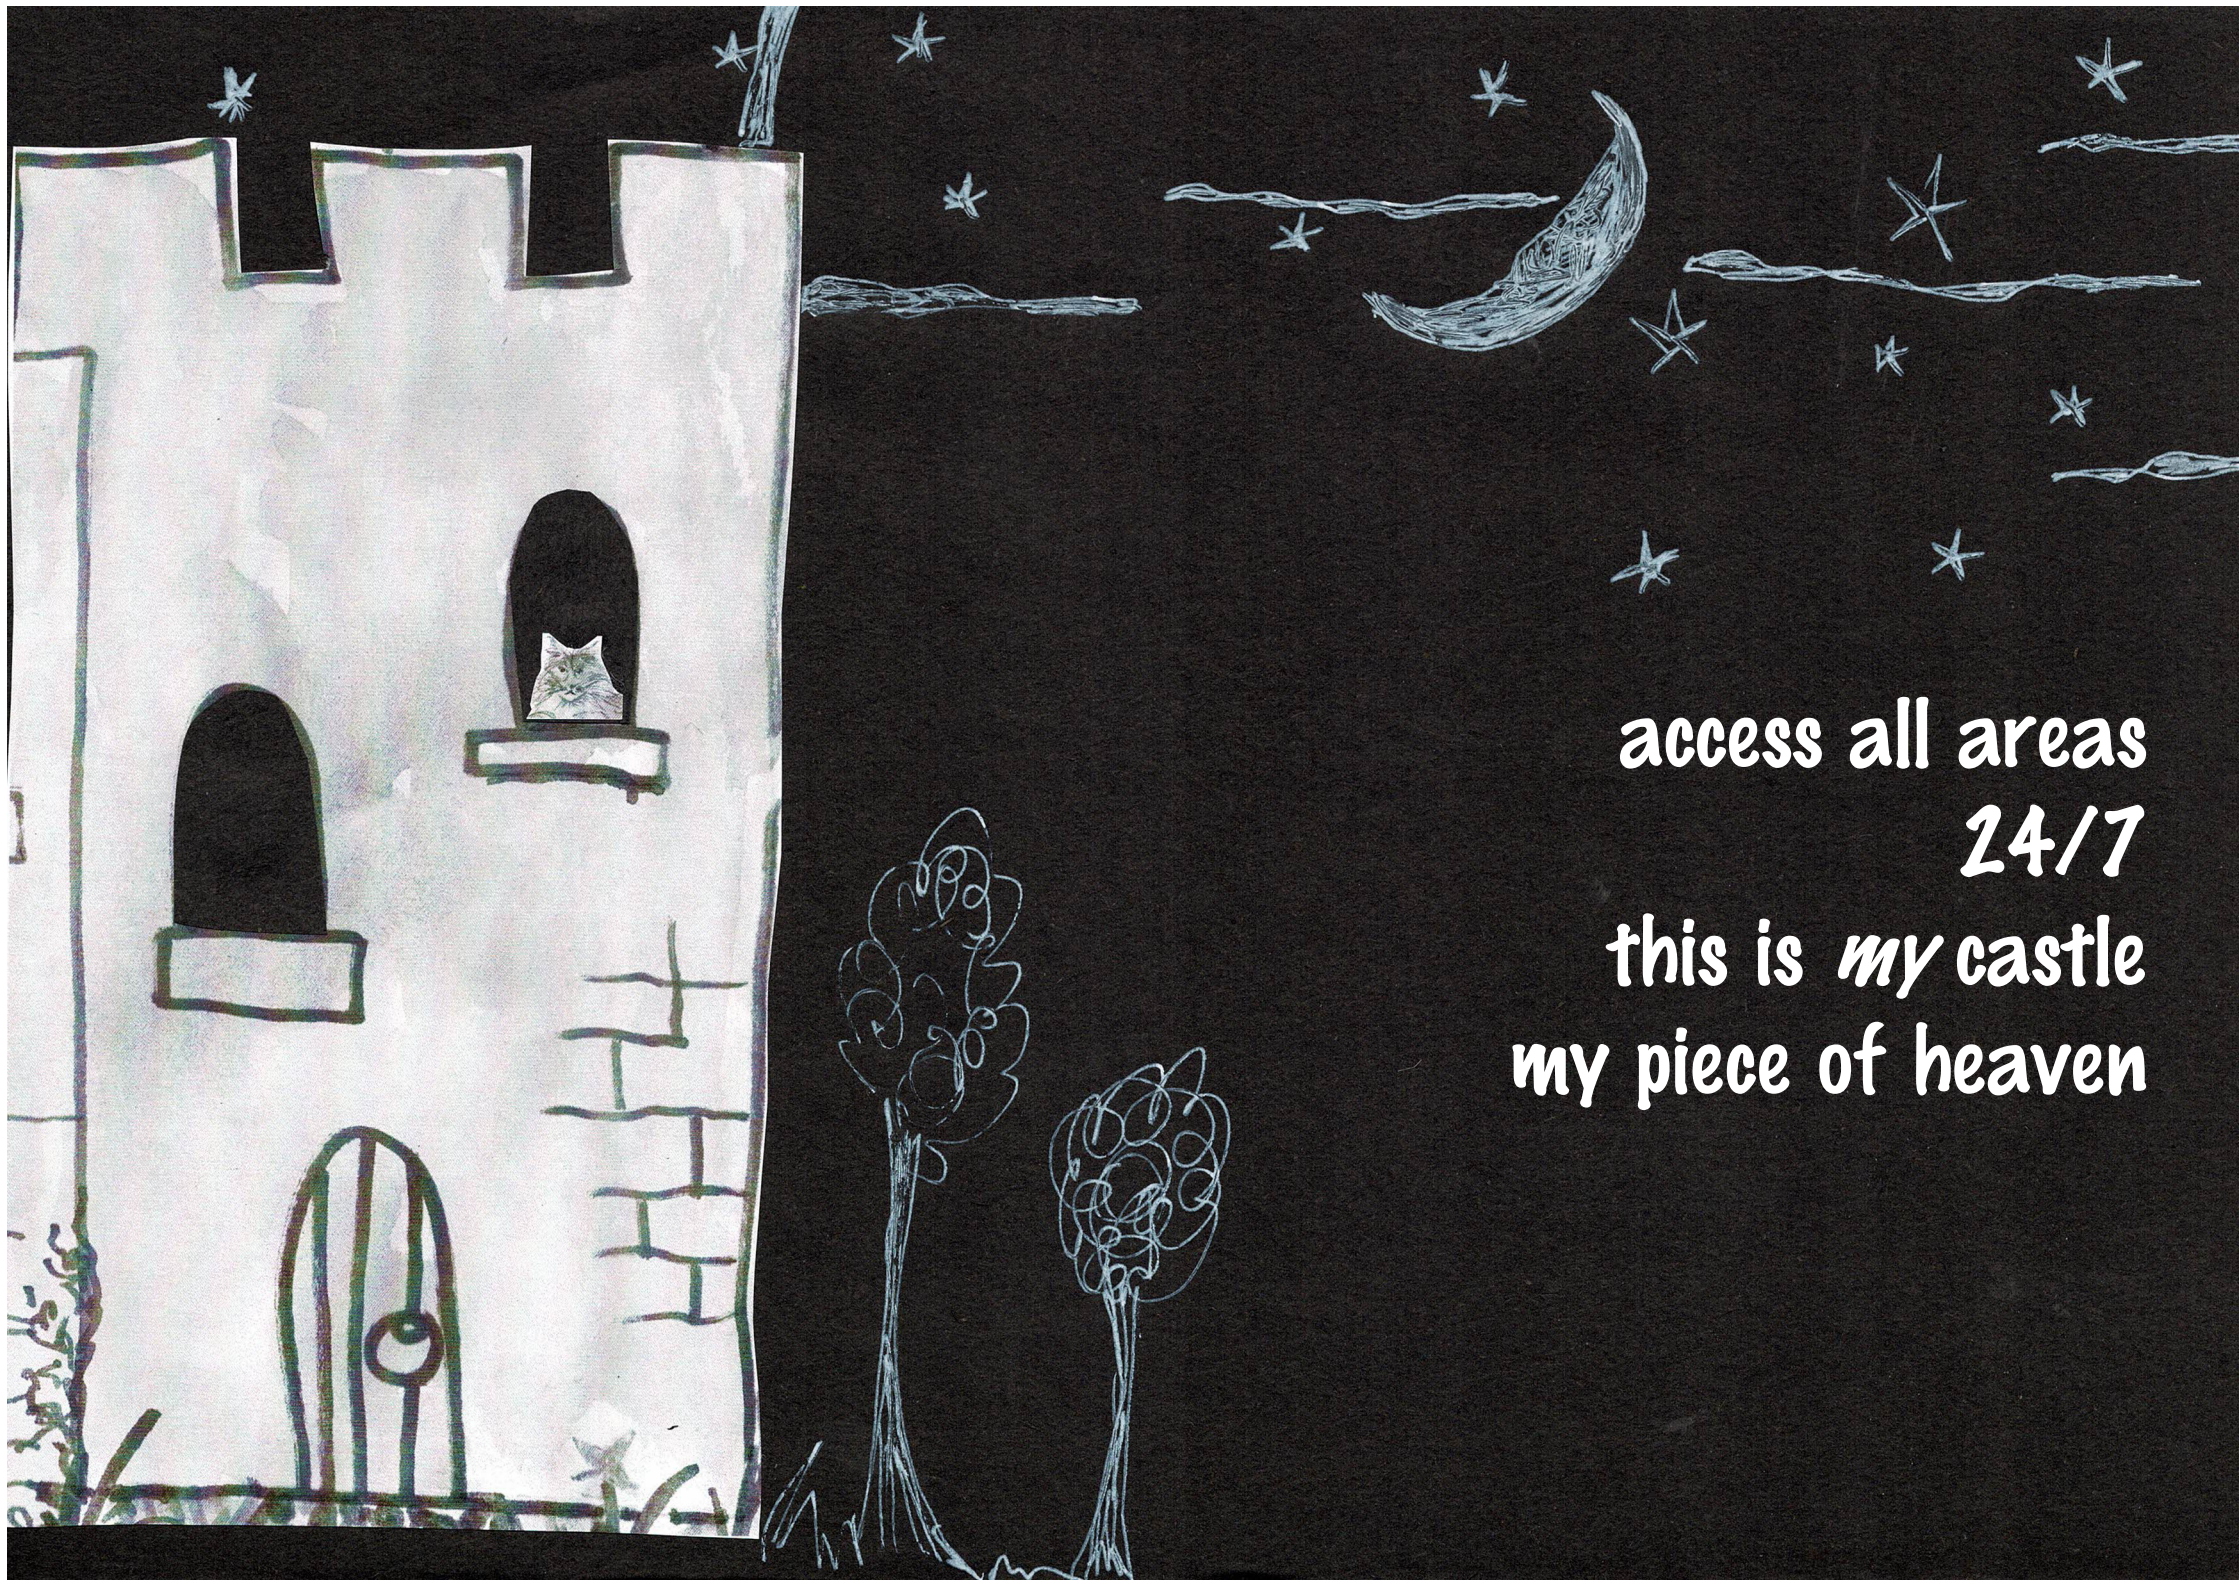

Medrod the cat

a castle is where I'm at
this is *my* castle and I'm it's cat

the ladies give me hugs
the knights give me fish
life in the castle is
not bad at all

access all areas
24/7
this is *my* castle
my piece of heaven

except for the fleas ...

scratching and scratching
keep your hat on lady
keep your hat on man
STOP! all that scratching
itching is catching

**Medrod was slicker
Medrod was cleaner
Medrod was hip with the people
as Medrod was meaner
killing rats and mice to keep the castle nice**

until the problem with the hat
and the rat

until the problem with the hat
and the **mouse**

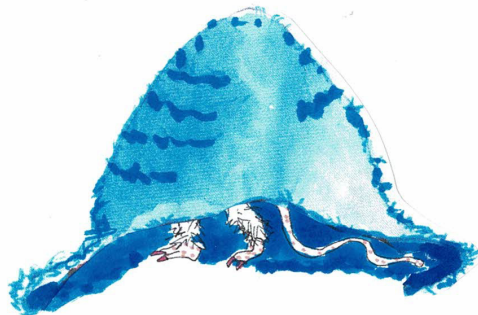

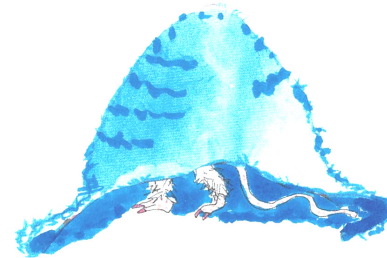

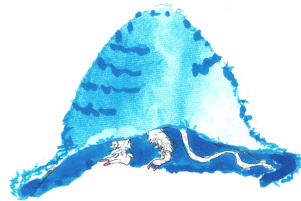

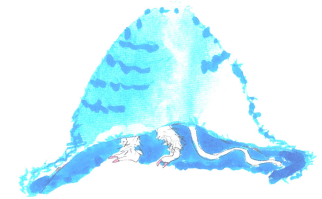

Gwalia the Medieval mouse

sorry
small mistake by the
writer

Eek! Eek!
that's me

Medrod trapped Gwalia under a hat

**the hat could move
the hat could groove
the people were scared**

It's witchcraft

*Catch the
cat!*

*Find the
witch!*

*There's a witch in
the castle and the
witch has a cat!*

**Medrod was fast
Medrod was quick
Medrod was gone in a
*flash***

Which Medieval hat is the hat for you?
